

## SQUALLS DUE TO-DAY, WILL PLAY BALL FOR BABIES.

**Thunder and Lightning May Usher in a Cool Wave.**

**Last Night by Far the Warmest of the Summer.**

**But "Manager" Dunn Says He Will Change the "Bill."**

## HOURLY HEAT RECORD.

Hour	Degrees	Hour	Degrees
8 A. M.	72	12 M.	85
9 A. M.	73	1 P. M.	86
10 A. M.	70	2 P. M.	89
11 A. M.	73	3 P. M.	89
12 M.	70	4 P. M.	87
1 P. M.	70	5 P. M.	86

The warmest previous July 21 record was 86 in 1885. On the same date last year the highest temperature registered was 84.

According to Weather Forecaster Dunn there will be severe squalls this evening or to-night, accompanied by thunder and lightning.

Mr. Dunn says outgoing vessels should be careful, as the squalls are likely to be dangerous.

Mr. Dunn, as manager of "The Weather in New York," which has been playing a rather long if not popular engagement in this city, has decided upon a change of bill.

He is always quick to realize what will suit New Yorkers, and the attraction, "Cooler Weather," which he will put on to-night, he thinks, will prove very popular.

All the arrangements had been completed for the arrival of his new attraction this morning, but there was a hitch in connection somewhere in the Northwest, so its appearance at a matinee was delayed, but Mr. Dunn stated positively that it would surely reach here in time for performance to-night, and that there would be no waiting on the part of the audience.

Mr. Weather Clerk, Mr. Dunn's press agent, has arranged to have the arrival of the new attraction announced by the squalls in question.

After Mr. Dunn had told of the greatness of his coming new attraction, he said:

"Last night was the hottest of the summer. At no time during the night did the temperature fall below 72-1/2 degrees."

That was registered at 7 o'clock this morning. By 8 o'clock it had risen to 80 degrees, and at 12 o'clock there had been a further rise of two degrees. At 10 o'clock it was 84.

"We are, however, on the last edge of the hot wave, and the cooler weather will reach us this afternoon or to-night, and will be accompanied by thunder showers."

"The passage of my 'Cooler Weather' attraction through the West has already begun. It is, in fact, in the far Western New York and in the lake regions there has been a fall in temperature of from 10 to 12 degrees."

"We are, however, on the last edge of the hot wave, and the cooler weather will reach us this afternoon or to-night, and will be accompanied by thunder showers."

The hottest place in the United States at 10 o'clock this morning was Tampa, Fla., where it was 81. At Chicago and St. Louis it was 64, and at Buffalo 60.

"Here and in Boston the temperature was 70 degrees, and in New Haven the humidity here at 8 o'clock was 64, but by 10 o'clock had jumped to 72.

"We do not know just where the cold wave is moving to-day, but it will depend upon it that it will be here some time during the night, and I think likely this afternoon."

## HEAT VICTIMS IN BROOKLYN.

**Three Prostrations and One Death Attributed to the Weather.**

Shortly after midnight this morning an unknown woman was overcome by heat while she was standing on the Kings County Elevated Railroad station at Rockaway Avenue and Fulton Street, Brooklyn. She was removed to St. Mary's Hospital by Ambulance Surgeon Pease. Nothing was found in her pockets by which she could be identified. The woman is described as being about thirty years old, of light complexion, and wore a dark red dress and small straw hat.

A Miss Knave, aged two months, died suddenly this morning at her parents' home, 281 Wythe Avenue. Her death, it is thought, was due to the excessive heat.

Archie Dick, aged twenty-one, of Montauk Avenue and Liberty Avenue, was prostrated by the heat in Fulton Street, Brooklyn, and was removed to St. Mary's Hospital.

William Lissell, aged thirty-nine, living on the Avenue, between Fulton Street and Rockaway, was overcome by heat in work in the power-houses of the Brooklyn City Railroad Company on Jamaica Avenue, and was taken to St. Mary's Hospital.

**Prostrated by the Heat.**

Thomas Hartley, 56, four years old, of 154 Broadwater Street, Brooklyn, died this morning at Broadwater and John Street, and was taken to the Charities Street Hospital.

John Lee, fifteen years old, of 102 West Street, with a fever of 104 degrees, died at night at Eighty-third Street and Madison Avenue. He was taken to Roosevelt Hospital.

**Weather Forecast.**

The weather forecast for the Thursday hours ending at 8 P. M. to-morrow is as follows: Fair, except thunder showers this evening or to-night and cooler Sunday; northwesterly winds.

**Central Park Concert.**

There will be music at the Mall, Central Park, to-morrow at 4 P. M., by the Seventh Regiment Band. Following is the programme:
